Major Upset Missing in School Ballot

Lester Boyd Osmond of Antioch showed high quality vote getting power in the Antioch-Lake Villa high school board election last Saturday as he outpolled Mrs. Marie D. McLelland of Lindenhurst for a 2-year term on the school board.

Osmond was given 636 votes to 205 for Mrs. McLelland, making 587 of his total in Antioch and 78 in the LV-Hooper school area. Mrs. McLelland had 127 in Antioch and 78 in Lake Villa-Hooper, according to unofficial totals.

Incumbents Robert Denman of Millburn and Milburn Cain of Antioch won re-election for 2 three-year terms with a total of 509 and 460 votes respectively. Denman has been chairman of the high school board.

They defeated Mrs. Mary Chase of Channel Lake who polled 289 votes and George Bartlett of Antioch, who had 410. Mrs. Chase was credited with 280 votes in Antioch and 29 in LV-Hooper. Bartlett had 368 and 42 respectively.

Denman received 369 votes in Antioch and 140 in LV-Hooper, while Cain was given 355 and 105 respectively.

Oddly enough, 14 votes separated the three top vote getters in Antioch with Denman topping the list with his 369, followed by Bartlett with 368 and Cain who had 355.

The 140 and 105 votes respectively which Denman and Cain obtained in the Lake Villa-Hooper areas were the margin of victory particularly over Bartlett. Bartlett had but 42 votes in this out of town area.

A special meeting of the high school board Tuesday evening of this week officially canvassed the vote.

Local Voters Follow Rest Of Illinois

Voters in Antioch and vicinity apparently followed the rest of the state in most instances as primary election results became known Wednesday.

Only two precincts in this section of Lake county had reported to the Antioch News up to Wednesday noon—precincts 1 and 4. They gave William H. Rentschler 269 while Samuel W. Witwer was the choice statewide.

But otherwise things here went pretty much to form, or at least as far as these precincts were concerned.

These two precincts did go against the trend in Lake county in the matter of the GOP nomination for state senator.

Unlike the rest of Lake county, these two precincts liked Lee R. Fleming for state senator on the GOP ticket over incumbent Robert McClory. McClory picked up enough votes in McHenry county to win.

Richard M. Nixon received 477 in the two precincts.

Governor William G. Stratton was favored over Hayes Robertson by a vote of 317 to 201 and Cong. Marguerite Stitt Church was the winner over Norman Arthur Anderson 463 to 60 in these precincts.

Rep. William J. Murphy of Antioch easily won in these precincts with 1,221 votes to 247½ for his nearest competitor, Robert Coulson.

Mrs. Stephanie (Pucin) Suthin topped Frank L. Watt in the circuit court race, 344 to 137, Frank J. Nustera topped Harold R. Edwards 288 (continued on page 5)

ANTIOCH FIREMEN are shown hauling over a lumber pile near the Willowdale dairy plant Monday afternoon after being called to the scene. Three trucks and about a dozen firemen answered the alarm. Damage was confined to the lumber pile located near 500 line buildings. Two hose lines shown in the center were taken off the trucks to extinguish the flames. Some time was spent in pulling out boards and reshuffling them to make sure every spark was quenched. (Antioch News photo)

Candidates Wage Close Race in 'News' Contest

(Also see Box on Page 1)

Stanley Szymanski led the scramble for votes as of Saturday night, April 9, in the Antioch News-Lake Region News circulation campaign as the two papers closed the first seven days of the drive.

Following the front-running candidate in a very close race is Nancy Barth, followed by Helen Zeien and Harriet Ballenger.

Each candidate is working for bonus votes plus subscriptions votes, as each \$30 in subscription money brought in by the close of the first period will mean a bonus of 500,000 votes.

Votes for new and renewal subscriptions count more for each candidate during the first period of reports.

Candidates are competing for a first prize of \$500 in cash. No one will be a loser, however, as there are four other cash prizes ranging from \$300 to \$50. Twenty per cent commissions are paid to those who do not win one of the prizes.

In addition, any candidate who has commissions exceeding their prize, receives the greater amount.

Out of town and out of state subscribers who wish to subscribe for any particular candidate during the contest may mail his or her blank to that candidate or to the Antioch News or the Lake Region News.

The candidates of their choice will be given credit for their subscriptions.

Flood Waters Slowly Drop; Clean-Up in Channel Lake

By Mrs. Pearl Kapell
Phone Antioch 1837

CHANNEL LAKE—High waters in the Channel Lake area are slowly receding, leaving a good deal of clean-up work for residents whose homes or property were flooded.

Yards that were flooded are left with a matting of debris carried up by the water, and homes, of course, are an even bigger problem.

Although the north end of Lake

avenue is still covered with water, cars can again negotiate the road. Many residents north of the bridge found themselves traveling a great many more miles than usual to work or other places.

Joe Chiuffo, who lives four miles from the place he works, was traveling 56 miles a day to work, because of being on a split shift. Normally he would drive about 16 miles.

Some of the school children were greatly disappointed to see things return to normal.

Mr. and Mrs. Camerer, who live on Wilmot road, have been bringing the children living north of the bridge to school every day in a tractor-drawn hay wagon. The children were delighted with their unusual conveyance, and thoroughly enjoyed the thrill of riding through the water daily.

The Edwin Krupos, who suffered serious losses from the flooding Fox river, have had their gloom (continued on page 5)

Salem Easter services are scheduled at 6:30 a.m., followed by breakfast at 7:30 and church worship and Sunday school at 9:30. Another church service is scheduled at Salem's church at 11 a.m.

There will be no charge for either breakfast but a free will offering will be taken at the tables to help cover the food cost.

Spring Has Arrived! Plan for Pool Operation in Summer Announced

It was a long hard struggle but it looks as if spring has finally arrived.

With warm weather, sunshine and the arrival of Sir Robin Red Breast, thoughts of Antioch Lions members are turning once again to the Aqua Center.

Leonard Roblin, chairman of the Antioch Community Service corporation, announced this week the hiring of Ken Smouse as pool manager.

The pool area is gaining popularity as a picnic ground and recreation center every year, Roblin said.

One of the major improvements this winter has been filling in of the swamp area immediately behind the pool, enlarging the picnic area.

This tract will be leveled off and planted with some fast growing grass seed, and should be in use by midsummer.

Besides the badminton court already installed, horseshoe pits will be added this summer. Other equipment available to season pass holders, Roblin reported, are croquet and leather ball.

The Bar-B-Q pits added last summer proved to be one of the most popular attractions other than the pool itself.

With a larger variety of refreshments available in the refreshment stand, Roblin said, it is hoped that even more people will take advantage of the facilities.

As in past seasons, the pool will offer classes in swimming lessons ranging from beginners to Red Cross Life Saving.

A Bar-B-Q and water show already being planned for this summer and other functions centered around the pool area are also being discussed.

DEAR READER News Editorials

We Kind Of Like This Idea

There has been considerable discussion informally of the village of Antioch, the town of Antioch and the Antioch Township library "joining hands" in a project to construct a building to house offices for all three.

One suggestion has been to use land now occupied by the library on North Main St., by eventually tearing down the present library building and making room in the new structure for this new facility.

Some rural residents have argued that the township offices should be in a more rural setting where parking space is not, as they put it, at a premium as they claim it sometimes is in Antioch.

There are good points on both sides of this argument, but we believe in the long run it would be better to locate the township building in downtown Antioch.

And further, we think the library land is an ideal site for a combined township, village and library setup.

There is ample land there to provide good parking facilities for those doing business with either government agency.

It is centrally located, near the village shopping district and not far from any given point in the township.

The land has been given to the township library for library purposes and there is some question whether it could be used for any other purpose.

But there are those who feel this problem can be worked out.

It is a known fact that both the village, the town and the library are looking for new building sites. Right now, for instance, the town's offices are scattered over several buildings.

A building that will combine all three—village, town and library—could save all three money for construction, site purchase and perhaps time.

We hope a really serious study of this will be made.

Tuesday, April 3, practically every phone in Lindenhurst was tied up with women's excited voices saying "Have you heard the news! They're breaking ground this morning for the shopping center!"

By 10 a.m. Thor's Shell station office was packed with women and children. At 10:45, Bob Randall, village president, had the honor of turning over the first shovel full of dirt.

Mrs. Georgia Matthies and Al Hart, trustees, were present, also Vic Schaeffer, representing Engle and sons; Robert Streicher, Frank Calderone, Ray Johnson of Woodland Construction company and Thor Neumann of Thor's Shell station.

More than 130 farms in the two townships have signed a petition card requesting such a hearing, Ray Nicholas, Lake county farm adviser said this week.

No tax or other levy is made on farmers in this district, Nicholas said.

Farmers of the two townships interested in soil conservation and the work of the district are being encouraged to attend.

Bristol Church Addition Work Progressing Fast

BRISTOL, Wis.—Work was progressing fast this week on construction of the new addition to the Bristol Methodist church.

Framework for the rear portion that will house the pastor's study and office, and kindergarten room was being erected early this week. The basement under the main church and this addition was taking shape.

In fact, stone and cement for the basement walls has been put in place.

The project is being done by a Burlington firm and by members of the church, Rev. Tom Lembke, pastor, said.

Little Wendy was quite bewildered when the little children in the beginners class of the Lake Villa Methodist church sang "Happy Birthday" to her Sunday morning.

A double birthday party was celebrated Sunday, for Cathy who was 2, on April 7, and Patty who was 1, April 8. They are the daughters of Bob and Irene Sullivan of Deerpath drive. There were seven little dolls with crinkle crepe dresses on the birthday cake. It was most unusual. The mothers had a nice visit while the children played.

Card Party Scheduled At Wilmet April 22

WILMOT, Wis.—Wilmet high school P.T.A. is holding its annual card party at 8 p.m. on Friday, April 22, in the high school cafeteria.

The annual event is for the benefit of the P.T.A. scholarship fund; and the only fund-raising event sponsored during the year by the parent-teacher organization.

Prizes will be awarded, and refreshments will be served. Tickets may be obtained from P.T.A. members or any parent of a high school student.

For safety's sake, motorists should remember the three basic rules for parking on hills. To park on a downgrade, cramp the front wheels sharply toward the curb; on an upgrade, turn the front wheels sharply away from the curb; with no curb, always turn the front wheels toward the edge of the road.

Many Thanks to my friends and neighbors for their support in the Antioch Grade School Board of Education election Saturday.

MEXICO CITY—(Special to the Antioch News)—Miss Judith Pyles is at present in Mexico City, home of pyramids and palaces, flowers and fountains, industry and Indian culture.

She is studying at Mexico City college, which is also the home of close to a thousand American students and is a member of the Southern Association of U. S. Colleges.

All classes are taught in English at this liberal arts college south of the border.

Miss Pyles, daughter of Mr. and Mrs. Clarence A. Pyles of Route 1, Box 519, is a graduate of Antioch high school and has previously attended Beloit college.

At 7,500 feet, the MCC campus is one of the highest on the American continent. And the quality of instruction is extremely high, too.

Here one can painlessly learn Spanish, along with the other subjects common to the Stateside curriculum, in a new and exciting culture.

Nothing is more interesting than to talk for a few minutes with the flower vendor, the shoeshine boy, the street peddler. And nothing is more helpful to a quick mastery of the Spanish language either.

In many ways MCC is as cosmopolitan as the capital from which it takes its name. Students come from every state in the union and 30 foreign countries.

Anthropology majors have a field day every day, since ancient ruins surround the city.

Foreign trade students are able to see just how business is done in Latin America and therefore prospective employers are interested in applicants with this actual experience.

Art pupils live in one of the most beautiful and art-minded cities in the world. MCC's creative writing

department has turned out many professional writers.

The other departments, including the new engineering division, boast a top-flight line of instructors.

Whatever the subject, it seems to thrive better under the Aztec sun.

WHEN CLASSES are over and studies temporarily forgotten, students go on excursions to the many attractions in and around Mexico City.

Whether it is the ballet or the bullfights, the Aztec ruins or the art exhibits, listening to mariachi music or going mountain climbing, the capital of Mexico offers a myriad of amusements.

For longer trips, Exotic Acapulco on the Pacific and the historical port town of Veracruz on the Gulf of Mexico are unsurpassed for a colorful and unforgettable vacation.

But the biggest value that comes from study in a foreign land is not the gay souvenirs or pleasant memories, but the opportunity to see the United States and its relation to its neighbors in a new perspective.

And that is one thing that can't be learned at home.

Woman's Club Will Nominate New Officers

The next regularly scheduled meeting of the Antioch Woman's club will be held at the Scout House on Easter Monday, April 18.

There will be a session of the board at 12:30 p.m. to be followed by the regular meeting at 1:30.

Mrs. William Brook has appointed Mrs. O. W. Turner, chairman of the nominating committee. Serving with Mrs. Turner will be Mrs. Edward Jacobs, Mrs. Joseph Patrovsky, Jr., Mrs. Robert Gaston, Mrs. John Horan and Mrs. A. H. Kaufmann.

The slate of officers and chairmen of standing committees making up the board of directors, will be presented Monday, election to take place at the annual luncheon in May.

Mrs. Ted Larson will present Dorothy Christman—"Laugh With Dorothy"—for the program. Mrs. Christman entertained members some years ago and proved so delightful that Mrs. Larson is bringing her back.

Mrs. W. J. Murphy will be chairman of the hostess committee for this meeting. Mesdames O. R. Kresse, George Jaros, W. C. Petty, Fred Swanson, William Anderson, Frank Benes, Edmund Vos and Harlan Bragg will assist her.

Elizabeth Frazier

Is Visiting Parents

Miss Elizabeth Frazier, a student nurse at Illinois Masonic hospital in Chicago, is visiting her parents, Mr. and Mrs. Edward Frazier of Spafford Street, for the month of April.

When she returns May 2, she will go to Cook County hospital for seven months of outside training, and then complete her senior year's work at Illinois Masonic hospital.

EMMONS SCHOOL district voting was handled by this trio of ladies acting as judges and clerks during voting hours last Saturday afternoon from 2 to 4 o'clock. The blackboard in the background tells of a card party scheduled at the school at 8 p.m. April 25 and the name of the person nominated for school director—William Haisma. The card party will be sponsored by the Emons school Parents club. Shown from left are Mrs. Margaret Geiger, Mrs. Hortense Gordon and Mrs. Gertrude Good. (Antioch News photo)

Green Thumbs See Trip Slides

Mrs. Earl Hays entertained 11 members and guests of the Green Thumbs at a Monday afternoon meeting in her home. Mrs. Paul Dragustin of Dolton was speaker of the day.

Mrs. Dragustin taught the Green Thumbs some tricks of photographing garden subjects. She also showed slides of her trip to Nassau last winter.

Mrs. Hays played the organ and her guests joined in community singing. Refreshments were novel Fleur de Lily cookies in the shape of lilies and lime jello.

Mr. and Mrs. Dragustin came up Sunday and spent the two days with Dr. and Mrs. Hays.

Local Gardeners Entered in Show

The Town and Country Garden club of Libertyville presents its flower show, "Come Spring" at Adler House April 29, from 1 to 8 p.m. and April 30, 10 a.m. to 5 p.m.

Adler House is located just north of Libertyville on Milwaukee avenue.

Thirty-five garden clubs have been invited to participate in the artistic and horticultural divisions.

Mrs. G. Dudley Kennedy, Mrs. John Wagner and Mrs. R. Kruger are combining their talents to prepare the entry of the Antioch Garden club.

There will also be classes for juniors and special educational exhibits.

Adler House was built by David Adler, a well-known architect from Chicago. It suggests something of the colonial, the Greek revival and the Italian renaissance.

Tea will be served in the library.

Monday Meeting Of GOP Sellout

Members of the Women's Republican club of the 13th Congressional district have responded so enthusiastically to invitations to the eighth annual Easter Monday meeting that all seats were reserved ten days before the announced deadline.

Mrs. Horace S. Valle, of Highland Park, Lake county co-chairman of the club, thanked all who have purchased tickets.

She is returning money coming after all possible tickets have been sold in accordance with the announcement on the invitation that reservations would be filled in the order in which requests were received.

The meeting will be held at Chevy Chase Country club north of Wheeling. Luncheon will be served at 12 noon, following which Congresswoman Marguerite S. Church will give her yearly report from Washington, bringing her listeners up to date on the political scene in the nation's capital.

Mr., Mrs. Chmelir Host Play Cast at a Buffet

By Mrs. Bernice Bernau

VENETIAN VILLAGE — John Chmelir ("Dan") of "Desperate Ambrose" and his wife, Dolly, who directed the play, served a lovely buffet supper for cast members and their husbands and wives Sunday evening.

The group had a lot of fun playing charades during the evening. Mrs. Chmelir is a teacher at B. J. Hooper school.

You might like to know that the ladies in the play all made their own outfits.

Mrs. Boyer Nelson and Mrs. Sam Riles' circles are to hold their meeting at the home of Mrs. Louise Hetzel, 1109 Bishop, at 1 p.m. on April 20.

Mrs. Robert Liess and Mrs. Ernest Glenn's circles have no meeting scheduled this month.

Swimming Pool Talked by Lions

The Antioch Lions club held its regular dinner meeting Monday night at Smart's Country House.

In a short session, Clarence Shaw reported on plans for the sale of season passes to the swimming pool.

According to Shaw, a letter is being sent to all pass holders of last season and a mail piece will be circulated to every home in the area in an effort to increase interest in the pool.

An all out effort is being made, said Shaw, to acquaint everyone with the pool and its advantages.

The meeting then was turned over to Tom Haviland, who introduced his uncle, Irwin (Duke) Haviland from the crime detection laboratory of the Chicago police department.

Haviland gave an entertaining and informative report on various sections and function of the department.

His talk, supplemented with colored slides, was both interesting and at times shocking. The approximately 60 members and guests saw pictures of various tools used in robberies, different weapons used and ballistic identification means.

John Paul Jones' USS Ranger was the first American ship to receive a formal salute to its flag when it visited Quiberon Bay, France, in 1800.

Lindenhurst Talks Water

LINDENHURST—Drainage of an area near the Lindenhurst shopping center location on Grand avenue was the major question at a meeting of the Lindenhurst village board Monday evening.

A major oil company wishes to locate a gasoline service station at the corner of Grand and Sand Lake road. However, several residents attending the meeting were worried about drainage at the location.

They said it is bad now and that with a service station on land higher than surrounding areas, it could be worse.

The intersection was called "dangerous" now and some of those present contended a proposed service station with its traffic in and out would cause further difficulties.

Two ordinances to change the area zoning to allow the station and to allow variations on provisions were tabled.

The village board voted to have the clerk write a letter to the state highway department saying that it appeared to be the intention of the board to pass the ordinances.

Deadline Set For Applying To Red Cross

FOX LAKE—The American Red Cross Wednesday set April 20 as the closing date for Lake County flood victims to make application for rehabilitation assistance at the village hall in Fox Lake.

Office hours at the village hall are from 9 a.m. to 6 p.m. each day except Easter Sunday.

Special appointments may be arranged outside regular office hours by phoning Waukegan at Ontario 2-4044, day or night.

U. S. disaster aid has been granted to Lake and McHenry counties due to extensive water damage from heavy rains, U. S. Senator Paul H. Douglas (D-Ill.) told the Antioch News this week.

This action, Douglas explained in a telegram to the Antioch News, permits 20 year loans at 3 per cent interest for reconstruction and rehabilitation of homes, business church properties suffering damage due to water.

"A small business administration office is being established at Fox Lake to receive applications," Douglas said.

Mayor Joseph Armondo of Fox Lake late last week had appealed to federal agencies for federal money to rebuild the village of Fox Lake.

This would not be a cash grant. It would be a loan with the borrower putting up whatever security he had. There is no limit on the amount of the loan a building owner can obtain.

Future Events Eyed by Scouts

A neighborhood meeting of Girl Scout leaders Monday evening at the scout house heard a request that their Girl Scouts participate in the clean-up week sponsored by the Antioch chamber of commerce beginning April 25.

A council session will be held April 26 at the Lake Villa school with Antioch members in charge of refreshments. Each leader and co-leader, and committee mother will be asked to donate toward the refreshments.

Presidents of local PTA's, ministers of local churches and heads of local organizations will be guests of the council at this meeting.

Plans are being made for Brownie camp and counselors are needed. Anyone interested in helping for even two or three days is asked to contact Mrs. Betty Haisma at Antioch 2211.

Special training classes will be given for counselors beginning April 22. No special talents are required—just the love for little girls.

Special thanks were given to Mrs. Mary Bruski and John Jessup for their efforts in the successful program presented by the Girl Scouts recently. Girls and parents enjoyed it thoroughly.

Next neighborhood meeting will be May 2.

Son of Local Couple Dies at N.Y.C. Airport

A 45-year-old man who was on his way to Loon Lake district near Antioch to see his parents for the first time in about 40 years, died suddenly at Idlewild airport near New York City Tuesday.

He was Rene Affolter, who had flown to Idlewild from Switzerland and was to take a plane from there to Chicago.

His parents, Mr. and Mrs. Ernest (Ida) Affolter of the Loon Lake community, had gone into Chicago with a married daughter Monday to pick up their son.

Rene Affolter was a cripple who came to the United States with his parents when a young boy but was denied admittance to this country due to being an infantile paralysis victim, neighbors at Loon lake said. They also said that he was coming to this country this time on a six months visa, indicating he would have to return to Switzerland at the end of that time.

The body was taken to Queen general hospital's morgue at Jamaica, Long Island, New York.

His parents came to Chicago 35 or 40 years ago and moved to the Loon lake area about eight years ago. Mr. Affolter is a retired employee of Hart, Schafner and Marx clothiers.

Mr. and Mrs. Thomas Chase had a few friends in to celebrate the birthday of Mrs. Paul Chase on April 4.

Besides the guest of honor, those present were Mr. and Mrs. William Chase and family, Mr. and Mrs. Ted Hucker and family, Ann Bartley, Mrs. Dorothy Olson, Mrs. Peter Peck and Mrs. Mary McCarthy.

S. N. Jack Hucker arrived home April 9 for a week's leave from his duties aboard the U.S.S. Kearsarge.

Fireman Dan Runyard is home for a few days, before leaving Great Lakes, where he has been stationed for several months.

The home of the Peter Pecks, on Richmond road near Chase's Service station, was struck by lightning early Monday morning during the electrical storm. Fortunately a fire did not result, though electrical outlets throughout the house were burned out.

Cubmaster John Eckert requests that all Cub Scout committee members meet at his home on Thursday night, April 14.

Cub Scouts will be selling candy through this area next week. So if you want to help the boys and enjoy some good candy, buy a can when a Cub comes to your door.

board of education at an election held last Saturday. He received 49 of the 58 votes cast in the school building.

The other nine votes were scattered among several write-in candidates.

Halsman has been serving on the board by appointment following the resignation of another member. He was nominated at a caucus earlier Saturday.

ANTIOCH GRADE SCHOOL—Elroy K. Anderson was top vote getter in the contest to select two persons for the Antioch Grade school board in last Saturday's balloting. He received 341 votes. Anderson is an incumbent.

Elected as a new member of the board was Leslie W. Sorenson, depot agent in Antioch for the Soo Line railroad. He received 240 votes. He will succeed Charles Wertz who did not seek re-election.

The other two candidates, Harold E. Cardiff, Sr., and Roy C. Truelssen, were given 119 and 97 votes respectively. Four hundred seventy-six votes were cast in voting at the Antioch building.

HICKORY SCHOOL—Chester White was elected director for the Hickory school district in voting last Saturday in the school building. He had been nominated at a caucus earlier in the day.

GRASS LAKE SCHOOL—Mrs. Charlotte Queen polled the most votes, but Robert H. Hart was a close second in balloting for two places on the Grass Lake school board last Saturday.

Mrs. Queen received 42 votes, 41 went to Hart and there were two write-ins. A total of 47 ballots were cast at Grass Lake school.

LAKE VILLA SCHOOL—Two incumbents, Herman J. Wolff and John J. Brandt received 140 and 136 votes respectively in balloting for two places on the Lake Villa-Hooper school board last Saturday. Several write-in candidates polled a few votes each, not enough to be a factor in the final outcome.

CHANNEL LAKE—Richard Harland and Lee McKinney were winners in the race for two places on the Channel Lake Grade school board in balloting last Saturday in the school building.

With about 600 registered voters in the school district, 104 ballots were cast or about one-sixth of the number eligible.

GRADE SCHOOL CHILDREN in Antioch were enjoying this "act" and so were many parents as these youngsters took part in an assembly for all local students in the Antioch Grade school gym last week. Lying "dead" on the floor are, from left, William Blalock, Janet Fialer, Linda Brown; sitting are Richard Albano (back to camera) and Bill Myers (facing camera); standing at the table is Tom Blackman, main character in the sketch. WILMOT HIGH SENIORS and a large audience enjoyed the three-act play "Take Your Medicine" presented last Friday evening in the Wilmot high school gym-auditorium. BOY, WE HAD FUN! These are sixth graders at Antioch Grade school who put on a puppet show at the school gym last week before the full school attendance. The children constructed the "set", made the puppets, talked the parts and "operated" the puppets. Shown here are, from left, Michael Hatfield (mostly hidden), Joe Huber, Hugo Holbek and Barbara Casella. The puppet show was just one of many "acts" seen that afternoon by grade school students and many parents. (Antioch News photo)

6 Falcon Lettermen Back For 1960 Baseball Team

PADDOCK LAKE, Wis.—Six lettermen returning may be a boon to some baseball coaches but varsity coach Bill Becker at Central school is not so sure as far as his Falcons are concerned.

The Maroon and Silver team won nine and lost three last season.

The coaches rate the 1960 edition infield as "fair" with three of the four filled by returning lettermen—and first base is open. There is a letterman catcher plus two more "C" wearers in the outfield.

Pitching remains the Falcons' weakest spot as Jim Westman is the lone hurler wearing a "C", although six others are trying out for a starting post. He won only two games in 1959 as a sophomore.

"Sophomores will be pushing to make their presence known and they could probably help as the season progresses," Becker commented.

Other returning lettermen are Fred Lentz, catcher; Gene Schulz, outfielder; Ron Yates, infielder; Al Weis, outfielder and Captain; Dave Erickson, infielder.

THE FALCON varsity opens its season at Antioch at 4 p.m. Monday, April 11 in a non-league contest. The Central B team opens with St. Joseph at Kenosha at 1:30 p.m. Monday, April 18, and the Frosh go to Waterford on April 22 for a 4 p.m. curtain-raiser.

Baseball candidates are: Pitchers—Weis (who was an outfielder last season), senior; Westman and Tom Straulin, juniors; Nick Daniels, John Lentz, Dennis Kosar, sophomores; Dave Brantner, frosh.

First Base—Dave Johnson and Bob McCormack, juniors; Ken Muchleisen, soph; Lon Blaney, frosh.

Second Base—Weidner, senior; Glenn Schulz, sopho; Bill Wilson and Ken Halbach, frosh.

Third Base — Erickson, senior; Gary Gitzlaff, soph.

SHORTSTOP — R. Yates, senior; John Zeihen, soph; Dennis Dunek and Dave Howtz, frosh.

Catchers—F. Lentz, senior; Bill Murrie, Eldon Talbert, sophs; Jim Schmidt, Jim Anderson, frosh.

Outfielders — Gene Schulz, Ed Czarny, seniors; Bob McCormack, Ron Schacher, juniors; Jerry Axtell, Ron Davis, Jan Fonk, sophs; Don Andresen, frosh.

Student managers—Mark Krahn, varsity; Don Kleineldam, soph; Denis Walden, frosh.

Varsity schedule: April 20—At St. Joseph (Kenosha).

April 22—Clinton at Paddock Lake.

APRIL 25—At Union Grove.

April 28—Waterford at Paddock Lake.

May 2—At Palmyra.

The Old Timer

"It's rather sad to find yourself living in a more expensive apartment... when you haven't even moved."

Young Wild Animals Should Be Left Alone

Adopting young wild animals is detrimental to the animals and a violation of the Illinois game code, according to Glen D. Palmer, director of the Illinois department of conservation.

Wild animals are not meant to be pets, Palmer said. People assume that the young wild animal has been abandoned by its mother just because the mother cannot be seen close by.

He added that this was especially true of white-tailed fawns.

A doe will hide her fawn while she browses, and the best favor a human can do for the fawn and the doe is to leave the fawn alone and not handle it.

The doe will return to her fawn after the human intruders leave.

"When young wild animals are raised in civilization and later released in the wild as adults they do not know how to take care of themselves and will probably die," Palmer said.

Sequoits Win and Lose In '60 Baseball Openers

Don Pyles this week Wednesday had a record of one victory and one loss in as many 1960 high school baseball games as he lost to Elia-Vernon 5-0 Tuesday afternoon after helping defeat Salem Central 2-1 on Monday.

The contest Tuesday opened the Northwest Suburban conference year for the Sequoits, while Monday's game was a pre-conference get-together.

The local right-hander allowed 3 hits in the 7-inning contest played at Paddock Lake, Wis., two of them by Salem's Erickson and one by Schumacher. Eberman made two and Gudgeon, Wolf and Hogan each one for Antioch.

One of those by Hogan was a double and one by Erickson a two-bagger for the only extra base blows Monday.

Westman on the mound for the Falcons of Central allowed 5 hits, striking out 5 and not walking a man. Weis who relieved him fanned 3 and walked 2 for the Falcons.

Pyles for Antioch struck out 1

and walked 3, Don Weigel allowed 1 and 1, Nielsen fanned 1 and walked 2.

Stolen bases were credited to Wolf (2), Gudgeon, Stepien and Schuth for the Sequoits.

Tuesday afternoon at Lake Zurich Pyles allowed 5 hits but as many errors on the part of his teammates helped the downfall as only two of the Elia-Vernon runs were earned.

Lone hit for the Sequoits was made by Wolf, a single Hueth was on the mound for the home team. Hunsaker's 3-base knock was the only extra base blow and that came off Pyles.

Pyles struck out 7 and walked 3 while Hueth for Elia-Vernon fanned 7 and walked 4. Antioch had 6 players left on base and E-V 3.

Phone Directory Being Mailed Out

The Antioch and nearby communities' all-new 1960 telephone directory is being delivered, according to D. L. Hood, Illinois Bell Manager.

It provides alphabetical listings for nearly 40 Far North suburban communities.

"Today, many people have relatives and friends not only next door or down the street, but in surrounding communities as well," said Hood.

"To keep in touch with them, people make more calls over a wider area than in the past. This new directory takes into consideration both the area's growth and the calling patterns of the folks who live here."

A large map on the cover of the directory shows the towns whose listings are contained in the new book. Also on the cover are ruled lines labeled "Fire" and "Police."

"Each customer is asked to check the inside front cover of the directory to find his community's fire and police department number and to copy them on the lines on the cover," said Hood.

This way, the numbers are readily available for fast reference if needed.

"We feel," said Hood, "our customers here in the Antioch area will like this new directory because it will provide modern, wide-range directory information in a single, easy-to-handle book."

Rock Lake Trout Sampling Slated

ROCK LAKE, Wis.—A seine netting of Rock lake will be made on April 23, with this netting designed to show any comparison between the sizes of fin-clipped trout released in February and those placed in the lake last Friday.

Fritz Paulin, district fish manager of the Wisconsin conservation department, said this week such a netting will reveal additional data on the growth of trout in Rock lake.

About 3,000 rainbow trout were released in the lake last Friday, the final 1960 plant of these fish in rock lake. A stocking of 3,200 rainbows, between 9 and 11 inches long, were planted there in February of this year.

In the February planting, fish were fin clipped while those planted last Friday were not fin clipped.

Paulin said that a plan to take breeder northern pike from the Fox river below Wilmot dam has been abandoned.

A fyke net placed below the dam about three weeks ago failed to take any northers because of low temperatures and a cessation of the spawning run, he said.

Eight Bowlers Needed

Eight more men were needed to complete the 128 entry list for the second annual Antioch News bowling tournament at the Antioch Bowl lanes, as of Wednesday of this week. Plans call for drawings for places to be held Sunday, April 17.

Go-Kart Club Organization Meet Sunday

Organization of a Go-Kart club for Antioch and vicinity is planned at a meeting of enthusiasts at 2:20 p.m. Sunday in the Antioch Legion hall. It will be open to anyone interested.

Leaders said this week there definitely will be a "go-kart" track in or near Antioch. About 15 owners of the so small vehicles live in or near the village.

Those driving these four-wheel outfits must wear helmets, goggles and a safety belt.

Go-Karts are for sale on the retail market for from \$125 to \$250 each, depending on the size one desires and how fast the driver wants to go.

The ambitious "do it yourself" probably will construct his own. The carts are powered by anything from old chain saw 2-cycle engines to high powered 4 cylinder out-board engines.

Using a chain drive arrangement, the larger carts can attain speeds of close to 70 mph. More conservative enthusiasts are contented with a relatively slow speed of 30 to 35 mph.

Ray Toft and Mel Wohlfeil, both of Antioch, are among those trying to get an Antioch club organized.

Anyone who may be interested in taking an active part is being urged to attend Sunday's meeting. More information may be obtained by contacting Toft at Ray's Shell station, Lake and Broadway, or by phone at Antioch 55-J.

You Got Problems?---

Just Think This Over, Says Our Bowling Leader

By Mrs. Pearl Kapell

Think it's easy to run a bowling alley? You have to be a diplomat, and know more about bowling than your customers.

A nine year old boy who had just started bowling recently approached the desk at the Antioch Bowling alley, carrying the ball he had been using.

"Lady," he said to Myrtle Sampayo, "Could you pick out a different ball for me? This is a hook ball, and I can't do anything with it. I'd like a straight ball."

Myrtle helped him pick out a different ball. He did much better with the straight ball she selected. This reminded Jack Sampayo of an inexperienced lady bowler who had complained to him about the condition of the alley on which she was bowling.

She was rolling the ball over the finger holes, and it rolled down the alley slowly, klunk... klunk... klunk.

The lady asked to be put on a different alley.

"There's holes in this alley," she said. "Hear the noise when the ball rolls over them?"

"It's the holes in the ball that are making the noise, lady," Jack assured her.

"Don't be silly, there aren't any holes in the ball," said the lady.

"There's finger holes," Jack reminded her.

"Well, those aren't holes. Those are finger-holes," said the lady, and insisted on being given another alley.

That's what men call feminine reasoning.

High Water Recedes From Roads In Fox Lake Hills; Other News

By Jim Jankowiak

FOX LAKE HILLS—The water which has inconvenienced the residents of Fox Lake Hills has finally receded from the roads. All the roads which were impassable for the past two weeks are open now.

There is still danger in some spots of being stuck in the mud. The general condition of all the roads in the three units of the Hills is poor. Township road crews have been working to fill in all the holes and ruts, but all indications show that the job will take quite some time.

Residents are advised to exercise caution when approaching bad spots in the road as bottoms of the cars can scrape the ground in many places.

Beaches and piers in both sections are completely under water. Many of the individual piers of property owners are floating out on the lake. Most of the rest are uprooted and damaged.

The Fox Lake Hills Teen club reports no new activities in the immediate future. Plans are being made, though, and it is hoped by teenagers that dances will once again be held at the Busse Area Beach-house.

The Fox Lake Hills Sports club held its monthly meeting at Ray's resort last Thursday evening. Main topic of discussion was the nearing softball season. In the past, the Sports clubbers have had a team entered in the league which plays out near the Golf View Motel just the other side of Antioch in Wisconsin.

The club has once again decided to sponsor a team. John Frystak will take care of the business end of organizing the team. He will be aided by Tom Dyson.

Anyone interested in joining this team is requested to phone Dyson at Justice 7-5481. Uniforms will be furnished by the team through the cooperation of several of the area's leading businessmen.

The Fox Lake Hills Women's auxiliary held its monthly meeting last week. The important future event was discussed at the meeting, the fashion show and card party to be held Wednesday night, April 20.

The location will be the Holy Family church in the Chesney area. Tickets may be bought from any ladies of the auxiliary.

Models for the fashion show will be ladies of Fox Lake Hills. A few of the youngsters also will have the opportunity to display the latest in fashions.

The Easter Bunny will be the honored guest at the Hills Beach-house this coming Saturday afternoon. He will have a basket full of candies for all the kiddies. The time of the Easter Bunny's visit to the Hills will be from 2 to 4 p.m.

VOTING AT ANTIOCH HIGH last Saturday was not as brisk at this point in the late afternoon as it was at some hours so the election board had a brief opportunity to pose for the cameraman. Sigurd Nielsen had just come out of a voting booth in the background to drop his ballot in the box. The scene is one of the high school classrooms on the first floor near the main entrance. Venetian Village Man Helps Flood Victims

By Mrs. Bernice Bernau

VENETIAN VILLAGE—James D. Penrod, 26, of Marilyn Avenue, Venetian Village, was being a good Samaritan April 3, by helping the flooded out victims of North Liberty Estates.

While there he rescued Robert Klaren, 14, of 220 Walnut. Robert and his friend, Mike W'ort, 15, of North Milwaukee Ave., were using a large door for a raft, when it floated swiftly away with the current and sent them out in mid-stream.

Robert's dog, Cindy, attracted Penrod's attention by barking, and he quickly set out after them and caught up with them about a mile downstream.

When their raft overturned on some debris, Mike was able to step on the debris and keep dry, but Robert wasn't so fortunate. He was knocked into the water, and was still clinging to the debris when Penrod arrived.

He took the boys and the dog in his outboard motor back to Buckley road where they were taken by firemen to the firehouse to dry out, and then home. Their next boat ride will be on the Queen Mary.

Boat Owners Must Seal and Close Toilet Facilities on Board Vessels

Board of supervisors of Lake county has adopted an ordinance known as Article VII of the health code of the county setting forth certain requirements for boats when these boats are on streams, lakes, rivers or other waters within the boundaries of the county.

Antioch Township supervisor Lloyd Murrie has suggested that a summary of this ordinance together with its penalties for violations be published.

The ordinance is designed to "prevent and abate pollution of streams, rivers, lakes and other waters in... Lake (county), caused by the discharge of untreated sewage from boats containing toilet facilities..."

"(And) by the dumping or other discharge of garbage, sewage and other refuse from boats..."

"It is hereby declared unlawful for any boat containing toilet facilities to be on the waters of any stream, river or lake in Lake county... unless such toilet facilities shall be closed and sealed to prevent the use of thereof or the discharge therefrom, so that no sewage shall enter into any such waters."

"The method of sealing such toilet facilities shall be subject to

the approval of the Lake county health department.

"For the purpose of enforcing... this article any person or officer authorized by the Lake county health department may stop and board any boat on said waters and examine the toilet facilities on such boats to see that such facilities are properly closed and sealed."

"It shall be unlawful for any person to throw overboard, dump or otherwise dispose of or discharge, or cause, permit or suffer to be discharged, any garbage, refuse, rubbish, waste or sewage from any boat into or upon the waters of any stream, river, lake or other body of water within the boundaries of Lake county..."

"The health department of Lake county may issue certificates or decals indicating that a boat is in compliance... and such certificate or decal shall be affixed on the windshield of the boat for which issued."

"If such boat has no windshield, then the certificate or decal shall be affixed to any other part of such boat as directed by the person or officer issuing same."

"Any person who shall violate any of the provisions of this ordinance, and any person who shall own, or have control or custody of any boat containing toilet facilities who shall violate the provisions of this ordinance, shall, upon conviction, be liable for a fine not to exceed \$200."

Boat Owners Must Seal and Close Toilet Facilities on Board Vessels

Board of supervisors of Lake county has adopted an ordinance known as Article VII of the health code of the county setting forth certain requirements for boats when these boats are on streams, lakes, rivers or other waters within the boundaries of the county.

Antioch Township supervisor Lloyd Murrie has suggested that a summary of this ordinance together with its penalties for violations be published.

The ordinance is designed to "prevent and abate pollution of streams, rivers, lakes and other waters in . . . Lake (county), caused by the discharge of untreated sewage from boats containing toilet facilities . . .

"(And) by the dumping or other discharge of garbage, sewage and other refuse from boats . . .

"It is hereby declared unlawful for any boat containing toilet facilities to be on the waters of any stream, river or lake in Lake county . . . unless such toilet facilities shall be closed and sealed to prevent the use of thereof or the discharge therefrom, so that no sewage shall enter into any such waters.

"The method of sealing such toilet facilities shall be subject to

the approval of the Lake county health department.

"For the purpose of enforcing . . . this article any person or officer authorized by the Lake county health department may stop and board any boat on said waters and examine the toilet facilities on such boats to see that such facilities are properly closed and sealed.

"It shall be unlawful for any person to throw overboard, dump or otherwise dispose of or discharge, or cause, permit or suffer to be discharged, any garbage, refuse, rubbish, waste or sewage from any boat into or upon the waters of any stream, river, lake or other body of water within the boundaries of Lake county.

"The health department of Lake county may issue certificates or decals indicating that a boat is in compliance . . . and such certificate or decal shall be affixed on the windshield of the boat for which issued.

"If such boat has no windshield, then the certificate or decal shall be affixed to any other part of such boat as directed by the person or officer issuing same.

"Any person who shall violate any of the provisions of this ordinance, and any person who shall own, or have control or custody of any boat containing toilet facilities who shall violate the provisions of this ordinance, shall, upon conviction, be liable for a fine not to exceed \$200.

Library Adds More Books

The following are among the new books added to the Antioch Township library shelves recently:

In "Virus Hunters," Greer Williams unfolds the dramatic lives and triumphs of the great virologists from Jenner and Pasteur to Salk and Enders.

This thrilling story of human achievements in the conquest of disease was given to the library in memory of Dr. E. J. Lutterman.

"Alaska Bound," by Kathryn Winslow, has two distinct sections. The first part of the book is devoted to a description of our 49th state.

The greater portion of the book tells how to go to Alaska by train, car, sea or air. "Alaska Bound" was given as a memorial book for Fred May.

Two books on vegetable gardening have been added to the library's gardening collection in memory of Mrs. Mary Willie.

"Burridge on Vegetables" is the fruit of many years of experience in home gardening.

Albert Burridge is an engineer by profession and his application of principles of sound management have made his garden famous.

The first section of "The Kitchen Garden Book" was written by Stringfellow Barr and it contains detailed instruction for growing vegetables.

Stella Stanard provides 250 pages of recipes for the preparation or preserving of the vegetables.

"The Kitchen Garden Book" is an excellent choice for the beginning gardener.

Mrs. Church Tells Of Questionnaire

Representative Marguerite Stitt Church (R), Ill., said this week that her annual questionnaire on certain vital issues before the congress and the country will, as usual, be mailed from Washington Friday, April 15.

"Results of the 13th district poll in 1959 received congressional and national attention, said Mrs. Church.

"I am convinced that this method of scientific sampling is continuing to be as welcome to the district as it is valuable to me.

"As I stated last year, issues before the Congress and, indeed, before the country, demand decisions of deep and major significance. Responsibility for such decision remains my own, but again I seek to share the helpful thinking of my district on important questions.

"Some of the 1959 questions are repeated because they are still exceptionally pertinent.

"It is hoped that all who receive this questionnaire will answer it fully or in part. An envelope addressed to me will be enclosed with each questionnaire. A four cent stamp must be placed on the envelope before mailing.

"Those who return a signed questionnaire before May 10, 1960, will individually receive from me a tabulation of the results.

"Any constituent who does not happen to receive a questionnaire but who wishes to participate will, upon request, be sent a copy on a different color sheet, the answers to which will be promptly noted but not included in the tabulation."

Deer Hit by Car

PADDOCK LAKE, Wis.—A stray deer died of injuries sustained when it and a car collided at Brass Ball Corners north of Salem, Wis., last Friday morning, Kenosha county sheriff's officers reported.

Jay Rozell of Twin Lakes, driver of the car, said the animal jumped into the side of the vehicle while Rozell was driving west on highway 50.

We came across a funny story about the power and influence of TV advertising on children.

The funny part is that the family didn't even own a dog.

And that reminds us to say, "If you don't have a television problem, please us anyway." You see, we maintain all kinds of electronics . . . radios, recording equipment, communications . . . anything that sound passes through electronically. Phone 821 for more information.

Sacred Concert Slated Sunday, Wilmot Church

WILMOT, Wis.—Peace Lutheran church of Wilmot announces that a sacred concert will be presented by the male chorus of Northwestern College of Watertown, Wis.

This concert of sacred music will be presented on Saturday, April 16, beginning at 8 p.m.

The male chorus, under the direction of Professor Hilton C. Oswald, is currently making a tour through Wisconsin, Upper and Lower Michigan.

The concert will be given in three parts. Portions one and three consist of songs taken from the various cycles of the church year.

Through the medium of these songs one is able to observe Christ in all ages of His life, as child, as preacher, and as the suffering and risen savior of all.

Portion two of the program consists of J. S. Bach's Metet; "Jesu, Priceless Treasurer." Of the five Bach wrote, this is the longest, the most varied and has the widest emotional range.

This composition consists of six chorale stanzas interspersed by five passages from Romans 8. This work

Final Phase of Census To Start on Saturday

The 1960 census of population and housing enters its final stage on April 18 when a picked group of interviewers begins a "mopping up" operation to complete the ten year inventory of the Nation's people and their homes.

The interviewers are primarily concerned with accounting for the "blue" household questionnaires which were left at every fourth household during the first stage of the census which started on April 1.

A small number of persons have failed to mail this report form to the Census Bureau's district office. Also, some of the report forms which have been received have not been completely filled out.

The "clean up" interviewers will make personal visits to the house-

holds from which report forms have not been received and obtain the answers to the census questions.

They will also seek, by telephone and personal visits, the answers to questions left blank or incorrectly answered in the report forms already sent to the census bureau.

Cancer Group Needs Sick Room Equipment

Hospital beds and/or mattresses and any sick room equipment are needed by the Lake County chapter of the American Cancer society. If anyone has such items not in use in attic, basement or other storage spot, which he would like to donate or sell for a small amount, the local Cancer society will gladly make arrangements to pick up the items.

This is a need of the Lake County chapter, located at 228 N. Genesee Street, Waukegan.

It is also an indication of why the percentage of money collected in the annual Cancer Crusade which is spent on administration, education and service is one of the lowest in the state and in the nation.

Fire Station Addition May Be Okayed in May

Action by the Antioch village board on plans to build an addition to the Antioch fire station is expected at the May 3 meeting of the board.

An addition will be necessary to house the new fire truck expected to be delivered in the village in about three months. Present facilities will not allow the new apparatus to be housed in the present structure due to lack of room.

Plans call for retaining present fire trucks, including the two jeeps used primarily for battling grass fires.

The fire district had planned to ask for the addition at the April session of the village board but this had to be delayed until May.

The fire district board authorized purchase of a new fire truck with pumper several months ago.

Lumber Pile Blaze Calls Local Fire Crew

Antioch firemen with three trucks were called out early Monday afternoon to battle a blaze in a lumber pile near the Willowdale dairy and the Soo Line tracks.

Booster tank lines from two trucks soon had the blaze under control, but firefighters spent some time making sure every spark was out. This necessitated hauling pieces of lumber away from others by hand and by pick axe.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety Plate Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

Road Improving Program Slated By Lindenhurst

LINDENHURST.—An intensive program of road improvement for Lindenhurst is being worked out, president Robert Randall of the village board told a meeting of the Lindenhurst Citizens party recently.

In answer to questions at this session, Randall went on to say that this road program will entail grading and crowning of roads in order to bring them up to standards before A3 paving.

He further stated that plans to bring all roads in the village up to A3 specifications by early summer are underway.

"This program, of course, will require the utmost cooperation to assist Alexander Bartling, chairman of the road committee, to bring this important project to a conclusion," Randall went on to say.

Groundbreaking ceremonies last week for the Lindenhurst shopping center climaxed a long sought after goal of the Lindenhurst Citizens party. This was a major point of the party's election platform.

"This is going to be a great year for the village," stated Doug Sanders, "and as in the past, the Lindenhurst Citizens party will take a leading role in further village improvements."

New party committees were appointed at the March meeting, and will be headed by Fred LaChance (membership), Tony Drago (publicity), Lou Stanley (caucus) and Vivian Fidango (entertainment).

Next meeting of the party will be held at 8 p.m. Saturday, April 30, in the Venetian Village hall.

104 Out of 600 Eligible Voters Ballot at 'Lake

By Mrs. Pearl Kapell
CHANNEL LAKE—With approximately 600 eligible voters in the Channel Lake school district, 104 ballots were cast in the election Saturday for members of the school board.

Richard Harland and Lee McKinney were winners in the contest. McKinney polled 57 votes, Harland 47, Russell Roepenack 41 and John Eckert 38.

It is comforting to note that the people in this district are so well-satisfied with the administration of school affairs, they are content to leave the selection of their school board in hands more competent than their own.

The same spirit of satisfaction is evinced in the Saturday election for board of education at the high school.

It has long been my opinion that the average citizen is not well enough informed on the complex matters of government, even those of a comparatively small school such as ours, to presume to meddle in the policies of their governing bodies, even to the extent of selecting the men, and women, who will decide those policies.

After all, there are grave matters to be decided, affecting the lives and education of your children, and how many of us feel that we are competent to decide such issues?

This is the principle on which dictatorships are founded, and everyone knows a dictatorship is much more efficient than a democracy.

The slow, cumbersome workings of democracy are really quite unbefitting an assembly-line type of country such as ours, and it looks as though we might, before long, get rid of this handicap by default.

4-H Club People Are Eligible for College Awards

CHICAGO—A total of 14 college scholarships will be awarded to 4-H club members this year for best achievement in the 4-H health and safety programs.

The \$400 scholarships will be presented to six national health winners and eight safety winners to be announced at the National 4-H club congress in Chicago next December.

State and national champions will receive all-expense trips to the congress.

Club members over 14 years old who have completed three years of project work are eligible for both state and national awards.

For the younger member is a medal award given for best achievement at the county level.

In addition to developing desirable health and safety practices in day-to-day living, the programs teach the responsibility of good citizenship and effective leadership.

The work is under supervision of the cooperative extension service and local volunteer club leaders.

Further information can be obtained from the county extension agent or the state extension agent.

Newport 4-H'ers Chosen to Give Demonstrations

The Newport Challengers and Newport Champions held their local 4-H meeting, Friday, April 8th, at the Newport Elementary school.

The meeting was called to order by the president, Linda Osterland. Then members had the secretary's and treasurer's reports.

The treasurer, Ruth Anne Ames, announced that dues for the year would be collected in the full amount of 80 cents, instead of 10 cents collected at each meeting.

There was no old business. For new business, the following people were chosen to give talks or demonstrations:

Libby Comstock, Charles Brock, Carol Osterland, Curt Ames, Christine King, John Stehr, David Clifton, and Harland May.

Leaders also selected Lucy Little-

To Receive Honor

URBANA—Stewart Wayne Hollocker, a graduate of Antioch Township high school, will be one of more than 1,500 top undergraduate scholars at the University of Illinois who will receive recognition April 29 at the annual Honors day convocation.

"Their achievements reflect credit on high schools from which they came as well as on themselves," college officials said.

John and Charles Brock for recreation, and Judy Van Patten, Nancy Doyle, Janet Behrens, and Susan Littlejohn for the food committee.

Wilson King announced that the first photography meeting would be held April 14, at Newport school. Talks and demonstrations were then given.

The meeting this week was in the form of a hubb party because of the initiation of first year members. Some of those who have been members for two or more years came dressed as "beatniks."

'Minister' Job Helps, Schadeberg Reports

BURLINGTON, Wis.—"Will the fact that you are a minister be a handicap to you?"

This was the question asked of Henry C. Schadeberg, Republican candidate for congress from the First district, as he spoke in Edgerton this week.

In answer, Schadeberg stated that

many people who meet him feel relieved to know that he is honest and not just another "fast-talking politician."

He continued by saying that, as a minister, he works with people every day and has the opportunity to get to know them pretty well.

"I know what they think and what they want," Schadeberg said.
